Dear Mr. Ragin,

I have the honor to inform you that the ASAN Visa portal was launched by the State Agency for Public Service and Social Innovations under the President of the Republic of Azerbaijan on 16 December 2016.

This portal, to become fully operational as of 10 January 2017 has been designed to facilitate procedures for issuing visas to foreign nationals and stateless persons who intend to visit the Republic of Azerbaijan. By using this portal, visitors will be able to directly apply for a single entry visa valid for a 30 day stay in the country and obtain it within 3 (three) business days without submitting applications to the visa section of the Embassy of the Republic of Azerbaijan.

Detailed information is available at:

I kindly request your assistance in communicating the above-mentioned information as well as a sample of the e-visa and the list of countries whose citizens are eligible to apply for this visa, to your members.
